Dear Woody:

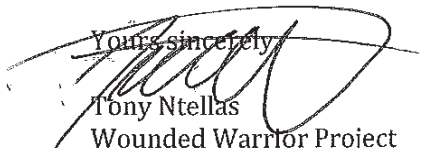

I am writing to express my appreciation to you for providing the Dances With Wood program at our Wounded Warrior events.

The first program, at Coney Island, NY, was for veterans and their families. Your program was very popular and provided a great way for families to work together creatively.

In Atlantic City, you provided veterans with a program that was both therapeutic and fun. It was great to see them working together. The program promoted a sense of community. The demolition event you coordinated at the end of the evening provided much laughter and was a great way to conclude a very successful program.

In my opinion, the Dances With Wood program has a lot to offer veterans and their families. I think your ideas for setting up vocational woodworking training programs that lead to employment opportunities specifically for veterans with disabilities are very exciting.

If I can be of support in any way, please do not hesitate to be in touch.

Yours sincerely,

Tony Ntellas
